

Wolfson 
Children's Hospital

ANNUAL

**BASS
TOURNAMENT**

MAY 16-18, 2024 • CITY DOCKS • PALATKA, FLORIDA

MAKE A DIFFERENCE

The Bass Tournament benefits Wolfson Children's Hospital, a not-for-profit pediatric hospital providing world-class care for children and families in North Florida, South Georgia and far beyond.

Since 1989, the tournament has raised over \$7 million, funding specialized treatments, lifesaving technology and capital improvements for Wolfson Children's Hospital.

The Plant Facilities Department at Baptist Medical Center Jacksonville plans the tournament. This year's proceeds benefit the Wolfson Children's Bass Tournament Endowment, which helps fund life-saving equipment and technology.

Our greatest hope today is a tomorrow for all the kids in our region who need specialized medical care.

2024 PATIENT SPOTLIGHT

About 14 hours after Oliver was born, the on-call pediatrician noticed that his chest was moving very fast when he was breathing. It was discovered that he had an extremely rare heart defect, and Oliver was life-flighted to Wolfson Children's Hospital for heart surgery. The surgery was successful, and doctors were able to repair the defect.

"We are now 21 months post-op and our son is a typical toddler boy," said Oliver's mom. "He loves trucks and balls, he's always running around, he's always got a snack or two in his hand, and he's talking nonstop. To see how happy he is, you'd never know he had such a difficult start to life. I can't say thank you enough to the entire medical staff at Wolfson Children's that took part in his care. Not only did they save a life, they gave a new purpose to ours."
